

TRINIDAD AND TOBAGO PREMIER FOOTBALL LEAGUE

FREQUENTLY ASKED QUESTIONS

1. What is the TT Premier Football League?

The TT Premier Football League (TTPFL) is the new, elite football League sanctioned by the Trinidad and Tobago Football Association (TTFA.) It comprises two divisions: a Top -Tier division and a Second-Tier division.

2. What is the purpose of this League?

In keeping with the TTFA's three and a half (3 ½) year strategic plan (2023 – 2026) this League aims to create a sustainable business model for professional football in Trinidad and Tobago and to protect the integrity of the sport built on a foundation of sound governance, transparency and active stakeholder involvement. The League's structure is based upon the findings and recommendations of a 2021 FIFA-led T&T Professional Football League Development study. The recommendations contained in the report are the result of detailed consultations with all key TT football stakeholder groups such as the clubs, operators, administrators, Government of the Republic of Trinidad and Tobago (GoRTT), FIFA, Concacaf and the governing body.

3. Why replace the Pro League and Super League?

The legal entities, Pro League Limited and Trinidad and Tobago Super League Limited which hosted the Pro League and Super League competitions will continue to exist. However, the TTFA has determined it necessary, at this stage in the evolution of the professional game in Trinidad and Tobago, to assume direct responsibility and oversight for professional football.

4. When is the League season?

The League - Season 2 for Tier 1 will commence in 24 November 2023 and end on 19 May 2024, for Tier 2 it will commence on 03 December 2023 and end on 16 May 2024.

There will be a knockout competition among the teams comprising both the Top-Tier and Second-Tier. The anticipated start date for this is 13 April 2024.

As in the prior year an independent analysis will be conducted at the end of the season, generated from monitoring and evaluation systems that have been put in place. A season "state-of-play" report will drive recommendations that would be considered to ensure the League's sustainability. Any changes deemed necessary for the League's structure, such as facilitating promotion and relegation or an increase in the number of participating clubs, may be made subject to the relevant economic and other factors.

5. Who is running this League?

The TTPFL is supervised by a four-member Executive Committee, chaired by a TTFA-appointed CEO. The Executive Committee reports to an Oversight Body which comprises representatives of the TTFA the League CEO, representatives from the participating Clubs, representatives of The Ministry of Sport and Community Development and the Sports Company of Trinidad and Tobago and independent members. Ultimate responsibility for the League rests with the Normalisation Committee as the Board of the TTFA.

6. What are the criteria for Club Participation?

Initially, clubs applied to participate in one of the League's two tiers. Clubs in the Top-Tier are eligible to qualify for participation in the CONCACAF Club Competitions and all participants in the CONCACAF Club Competitions are required to hold Regional Licences. As such, the primary qualifying criteria for Top-Tier teams is the possession of a Regional Licence. The TTFA will continue to work with existing and prospective Top-Tier clubs to support them in their efforts to obtain a Regional Licence once they have obtained the minimum standard of a Domestic Licence thirty (30) days prior to the first match day. Clubs playing in the Second-Tier would require a Domestic Licence.

The requirements cover a range of standards inclusive of player development standards, club infrastructure, finance, operations, health and safety and more. Items highlighted in RED will be excluded for the requirements for a Domestic Licence while all items reflect criteria required for a Regional License

7. What is the objective of the Club Licensing Process?

In keeping with FIFA Forward Programme 3.0 and the FIFA's vision to protect the integrity of the sport and further the professionalism of club football around the globe the Club Licencing Process seeks to improve the standards within the football community and safeguard the integrity of club competitions, promoting sporting values and transparency in club finances and club ownership.

Club Licensing is a key element in promoting the professionalisation of sport all over the world. Best practice licensing systems use principle-based criteria and set minimum standards that clubs must satisfy in order to be licensed and, consequently, be able to participate in specific competitions. It is a proven method for elevating the standard of the sport.

As part of our aim to raise the level of club football in T&T, four main goals have been developed:

1. Understand and safeguard domestic club football
2. Raise the level of professionalism in club football administration
3. Identify and share best practices of our clubs and Leagues
4. Formalize requirements for participation in domestic and regional club competitions.

The Trinidad and Tobago Club Licensing Regulations are aligned with the Concacaf's Club Licensing Regulations, with Concacaf being the Confederation responsible for football's governance in the Caribbean, Central and North American region.

Club Licensing Requirements can be summarized in five (5) main categories.

1. Infrastructure
2. Sporting
3. Administration
4. Financial
5. Legal

The Club Licensing process is exclusively operated via Concacaf's COMET platform where clubs were required to login and upload supporting documentation for each of the five categories as required.

9. Who decides which clubs are awarded Licences?

A TTFA appointed independent First Instance Body (FIB) is tasked with the evaluation of the Clubs' submissions and the award or denial of licences. The members of the FIB are:

1. Attorney Cristophe Brathwaite
2. Cristel Tom Wing
3. Frank Rodriguez
4. Attorney Josiah Cyrus

10. How many Clubs signaled their interest in competing in the Transitional Season – Season 1?

In July 2022, interested Clubs were invited to complete an application to join the League for Year One. Eleven (11) TT Pro League Clubs, Nine (9) Trinidad and Tobago Super League Clubs and One (1) Registered Regional Zonal Club submitted applications. These Twenty-One (21) Clubs are:
